

# ICCX

INTERNATIONAL CONCRETE CONFERENCE & EXHIBITION

## ICCX – Concrete Safety

Safety and health are always a priority for ICCX organizers, especially in view of the challenges related to COVID-19.

Below is a list of safety measures that we will implement, particularly at the forthcoming ICCX event.

# ICCX

INTERNATIONAL CONCRETE CONFERENCE & EXHIBITION

## Hygiene and health

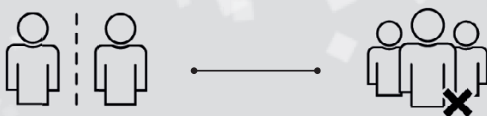

- Temperature measurement of all participants at the entrance to the event
- Mandatory wearing of face masks; exceptions are made in seating areas
- Provision of disinfectant dispensers across the entire exhibition area
- Regular cleaning of frequently touched surfaces (handrails, tables, registration counters, etc.)
- Increased frequency of cleaning and disinfection of sanitary facilities
- Generous and regular air exchange in the exhibition and conference rooms

INTERNATIONAL CONCRETE CONFERENCE & EXHIBITION

## Safe distance

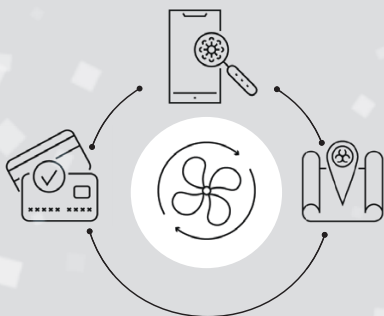

- Compliance with minimum aisle widths
- Floor markings as required to maintain the minimum distances at registration, cloakroom etc.
- Limitation of seats in the conference rooms according to the regulations in force

# ICCX

INTERNATIONAL CONCRETE CONFERENCE & EXHIBITION

## Organization

- Online registration processes to enable a contactless registration process on site, while ensuring the traceability of all participants based on their address data
- Monitoring the number of participants in relation to the size of the event area in advance of the event, based on online registrations; if necessary, enlargement of the exhibition area
- Separate entrance and exit points in the registration and conference areas
- Floor markings and, if necessary, the use of manual guidance systems to minimize intersections and undesirable visitor congestion
- Permanent opening of all doors, with the exception of fire protection doors

**We recommend booking accommodation in our conference hotel, as this hotel enforces the currently valid hygiene and infection protection standards within the framework of the Covid-19 protection regulations and guarantees a safe stay!**
